### **RJN Group, Inc. Performs a Water and Sewer Study for the Village of Carol Stream, Illinois**

Wheaton, IL (February 9, 2007) – Based on a recent Southwest Planning Area Development Study completed by the Village of Carol Stream, Illinois, RJN Group, Inc. was contracted to perform a study to identify the Village's water and sewer infrastructure needs in the southwestern area of the Village. It is anticipated that this area will experience residential, light commercial, and research and development growth over the next several years. The study began in December 2006 and will continue through April 2007.

RJN Group, Inc. is a leader in providing engineering services and information technology software to municipal, county, state, and federal clients for the past 32 years. The firm is headquartered in Wheaton, Illinois with offices in Aurora, Collinsville, and Chicago, Illinois; St. Louis, Missouri; Dallas, Fort Worth, Austin, and San Antonio, Texas; Little Rock and Fayetteville, Arkansas; Tulsa, Oklahoma; Vienna, Virginia; and Baltimore, Maryland.

RJN provides public works engineering and information technology services for the development, maintenance, and management of municipal infrastructure systems including sewer, water, drainage, roads, bridges, and in addition, GIS services. Projects include engineering studies, preliminary and detailed design, construction engineering, and maintenance management. The firm provides the CASS WORKS® family of software products for tracking of asset inventories, maintenance activity, physical inspection and histories, and related management systems. RJN also provides CASSView™, a GIS deployment tool providing direct access to GIS, CASS WORKS, and other related data
