RJN Group Ranks in the ENR Top 200 Environmental Firms

Wheaton, IL (August 21, 2008) – RJN Group, Inc. entered the 2008 rankings of the Engineering News Record (ENR) Top 200 Environmental Engineering firms rankings. The efforts of the Top 200 firms generated a revenue of more than \$46.5 billion in 2007, which is 10% higher than revenues reported in 2006. Companies in the ENR list are ranked based on gross revenues attributed to environmental services and related products in both the domestic and international markets. RJN has consistently been recognized as a top environmental engineering service provider and takes pride in an established reputation for creative and cost-effective engineering solutions. RJN also earned a top 17 ranking for trenchless design by the Trenchless Technology publication.

RJN Group, Inc. provides engineering consulting services for municipal, county, state, and federal infrastructure systems. The firm's offerings include the study, design, and construction management of wastewater, water, stormwater, roadways, and bridges. GIS and asset management services are also offered by the firm. RJN, established in 1975, is headquartered in Wheaton, Illinois with offices nationwide.
