RJN Group, Inc. Ranks in the Engineering News Record Top 500 Design Firms

Wheaton, IL (April 23, 2009) – RJN Group, Inc. entered the 2008 rankings of the *Engineering News Record* (ENR) Top 500 Design Firms rankings. The Top 500 firms generated design revenue of more than \$90.58 billion in 2007, which is up 12.36 percent from revenues reported in 2007. Companies in the ENR list are ranked based on gross revenues attributed to design services in both the domestic and international markets. RJN has consistently been recognized as a top environmental engineering service provider and takes pride in an established reputation for creative and cost-effective engineering solutions. RJN also earned an ENR Top 200 Design Firm ranking, as well as a Top 15 ranking for trenchless design by the *Trenchless Technologies* publication.

RJN Group, Inc. provides engineering consulting services for municipal, county, state, and federal infrastructure systems. The firm's offerings include the study, design, and construction management of wastewater, water, stormwater, roadways, and bridges. GIS and asset management services are also offered by the firm. RJN, established in 1975, is headquartered in Wheaton, Illinois with offices nationwide.
