**RJN Group, Inc. to Perform Study and Preliminary Design Engineering for Illinois
Tollway's \$5.3 Billion Congestion Relief Plan**

Wheaton, IL (April 14, 2005) – RJN Group, Inc. was selected by the Illinois Tollway to perform Study and Preliminary Design Engineering on Interstate 294, the Tri-State Tollway as part of the Tollway's \$5.3 Billion Congestion Relief Plan, *Open Roads for a Faster Future*. RJN's efforts will focus on the north end of the Tri-State Tollway, between Illinois Route 176 in Libertyville and the Wisconsin border. The work will consist of pavement rehabilitation and widening to four lanes in each direction, and will include widening and/or replacement of bridges as well as drainage improvements. The project will begin in March of 2005 with construction scheduled for 2007 and 2008.

RJN Group, Inc. is a leader in providing Engineering Services and Information Technology Software to municipal, county, state, and federal clients for the past 30 years. The firm is headquartered in Wheaton, Illinois with offices in Collinsville, Illinois; St. Louis, Missouri; Dallas, Fort Worth, Arlington, Austin, Houston, and San Antonio, Texas, Fayetteville, Arkansas; Tulsa, Oklahoma; Norcross, Georgia; Deerfield Beach, Florida; Vienna, Virginia; and Boston, Massachusetts.

RJN provides public works engineering services and information technology services for the development, maintenance, and management of municipal infrastructure systems including sewer, water, and drainage. Projects include engineering studies, preliminary and detailed design, construction engineering, and maintenance management. The firm provides the CASS WORKS® family of software products for tracking of asset inventories, maintenance activity, physical inspection and histories, and related management systems. RJN also provides CASSView™, a GIS deployment tool providing direct access to GIS, CASS WORKS, and other related data.
