### **RJN Group, Inc. Hires New Director of Engineering**

Wheaton, IL (May 2, 2005) – RJN Group, Inc. is pleased to announce that Jon van Soestbergen, P.E. recently rejoined the company as Director of Engineering for the east coast. Mr. van Soestbergen has over 21 years of experience in the water and wastewater field, including 11 years with the Virginia Department of Environmental Quality (DEQ), most recently as the Director of the Office of NPDES and Water Permit Programs, and 10 years with RJN prior to his tenure with the Virginia DEQ. He holds both Master of Science and Bachelor of Science Degrees in Civil Engineering and is a Registered Professional Engineer in Virginia and Massachusetts. In his new role at RJN, he will be responsible for the management of engineering studies for the firm's east coast territory, reaching from Maine to Florida and including Puerto Rico and the offshore islands.

RJN Group, Inc. is a leader in providing Engineering Services and Information Technology Software to municipal, county, state, and federal clients for the past 30 years. The firm is headquartered in Wheaton, Illinois with offices in Deerfield Beach and Miami, Florida; Atlanta, Georgia; Vienna, Virginia; Boston, Massachusetts; Collinsville, Illinois; St. Louis, Missouri; Dallas, Fort Worth, Arlington, Austin, Houston, and San Antonio, Texas; Fayetteville, Arkansas; and Tulsa, Oklahoma.

RJN provides public works engineering and information technology services for the development, maintenance, and management of municipal infrastructure systems including sewer, water, drainage, roads, bridges, and in addition, GIS services. Projects include engineering studies, preliminary and detailed design, construction engineering, and maintenance management. The firm provides the CASS WORKS® family of software products for tracking of asset inventories, maintenance activity, physical inspection and histories, and related management systems. RJN also provides CASSView™, a GIS deployment tool providing direct access to GIS, CASS WORKS, and other related data.
