**RJN Group, Inc. is Selected for Sanitary Sewer Collection System Project for the Little Rock Wastewater Utility**

Wheaton, IL (March 17, 2005) – The Little Rock Wastewater Utility has retained the RJN Group, Inc. to provide information regarding the condition of the sanitary sewer collection system for future hydraulic and structural design improvements. This project is part of a 15-year program that includes capital improvements in the collections system, unsewered areas, treatment plants, pump stations, and wet-weather peak flow detention. The project involves flow monitoring and field inspection services.

RJN Group, Inc. is a leader in providing Engineering Services and Information Technology Software to municipal, county, state, and federal clients for the past 30 years. The firm is headquartered in Wheaton, Illinois with offices in Fayetteville, Arkansas; Dallas, Fort Worth, Arlington, Austin, Houston, and San Antonio, Texas; Tulsa, Oklahoma; Norcross, Georgia; Miami and Deerfield Beach, Florida; Vienna, Virginia; Boston, Massachusetts; Collinsville, Illinois; and St. Louis, Missouri.

RJN provides public works engineering services and information technology services for the development, maintenance, and management of municipal infrastructure systems including sewer, water, and drainage. Projects include engineering studies, preliminary and detailed design, construction engineering, and maintenance management. The firm provides the CASS WORKS® family of software products for tracking of asset inventories, maintenance activity, physical inspection and histories, and related management systems. RJN also provides CASSView™, a GIS deployment tool providing direct access to GIS, CASS WORKS, and other related data.
