Mount Pleasant Waterworks Selects RJR Group, Inc. for a Multi-Year Sanitary Sewer Evaluation Survey

Wheaton, IL (November 9, 2004) – The Mount Pleasant Waterworks (MPW) recently selected RJR Group, Inc. to perform professional engineering services. The project encompasses a complete sanitary sewer survey evaluation including flow monitoring, smoke testing, manhole inspections, rehabilitation recommendations and GPS. The project was kicked off in June of 2004 and continues through December of 2005. .

RJR Group, Inc. is a leader in providing Engineering Services and Information Technology Software to municipal, county, state, and federal clients for the past 29 years. RJR has offices located in Boston, Massachusetts; Vienna, Virginia; Atlanta, Georgia; and throughout the United States. The firm's headquarters is located in Wheaton, Illinois.

RJR provides public works engineering services and information technology services for the development, maintenance, and management of municipal infrastructure systems including sewer, water, and drainage. Projects include engineering studies, preliminary and detailed design, construction engineering, and maintenance management. The firm provides the CASS WORKS® family of software products for tracking of asset inventories, maintenance activity, physical inspection and histories, and related management systems. RJR also provides CASSView™, a GIS deployment tool providing direct access to GIS, CASS WORKS, and other related data.
