RJN Group, Inc. Selected for New Castle County Department of Special Services Rehabilitation Program

Baltimore, MD (April 30, 2009) – RJN Group, Inc. recently extended a contract with the New Castle County Department of Special Services for the White Clay Basin Rehabilitation Program to perform I/I Source Identification. The project targets identifying sources of inflow and infiltration in two sub-basins in order to cost effectively remove the sources and increase capacity in the White Clay System. RJN will perform manhole inspections, smoke testing, dyed water flooding, CCTV inspection, and building inspections to compile a report for detection of the I/I sources. The project began in November 2008.

RJN Group, Inc. provides engineering consulting services for municipal, county, state, and federal infrastructure systems. The firm's offerings include the study, design, and construction management of wastewater, water, stormwater, roadways, and bridges. GIS and asset management services are also offered by the firm. RJN, established in 1975, is headquartered in Wheaton, Illinois with offices nationwide.
