RJN Group, Inc. Performs Flow Monitoring in Norman, Oklahoma

Wheaton, IL (May 2, 2005) – RJN Group, Inc. is performing flow monitoring services for the Norman Utilities Authority in Norman, Oklahoma. The project includes 8 additional meters to be incorporated into the Utility's existing sewer billing network for a total of 18 meters. The project began in April, 2005 and is scheduled for completion by the end of the year.

RJN Group, Inc. is a leader in providing Engineering Services and Information Technology Software to municipal, county, state, and federal clients for the past 30 years. The firm is headquartered in Wheaton, Illinois with offices in Tulsa, Oklahoma; Dallas, Fort Worth, Arlington, Austin, Houston, and San Antonio, Texas; Fayetteville, Arkansas; Deerfield Beach and Miami, Florida; Atlanta, Georgia; Vienna, Virginia; Boston, Massachusetts; Collinsville, Illinois; and St. Louis, Missouri.

RJN provides public works engineering and information technology services for the development, maintenance, and management of municipal infrastructure systems including sewer, water, drainage, roads, bridges, and in addition, GIS services. Projects include engineering studies, preliminary and detailed design, construction engineering, and maintenance management. The firm provides the CASS WORKS® family of software products for tracking of asset inventories, maintenance activity, physical inspection and histories, and related management systems. RJN also provides CASSView™, a GIS deployment tool providing direct access to GIS, CASS WORKS, and other related data.
