RJN Group, Inc. Names New Principal

Wheaton, IL (May 14, 2008) – Jeff Plymale was named a corporate Principal of RJN Group, Inc. at the firm's annual Strategic Planning Meeting held earlier this year. Mr. Plymale started his career with RJN in 2001 and has served in numerous capacities to increase sales, improve operations efficiency, manage key accounts and produce timely project deliverables. He has served as a Senior Project Manager for several nationally recognized projects involving regulatory compliance. Mr. Plymale earned a Bachelor of Science Degree in Civil Engineering from the University of Illinois at Urbana – Champaign and has over 28 years of experience in the municipal wastewater field. As Principal, Mr. Plymale will be spearheading strategic corporate growth initiatives including geographic diversification, new service offerings, strategic alliances, key account sales, and managing the on-going corporate strategic planning process.

RJN Group, Inc. provides engineering consulting services for municipal, county, state, and federal infrastructure systems. The firm's offerings include field and engineering services to support the evaluation, design, and construction management of wastewater, water, stormwater, roadways, and bridges. GIS, asset management and long-term capital planning software and services are also offered by the firm. RJN, established in 1975, is headquartered in Wheaton, Illinois with offices nationwide.
