City of Portland, TX Selects RJN Group, Inc. For CMMS Implementation

Wheaton, IL (February 23, 2006) – RJN Group, Inc. was recently selected by the City of Portland, Texas to implement a comprehensive CMMS solution, CASS WORKS® and CASSView™, for the Department of Public Works. Using a phased implementation, the system will track all customer service requests from problem notification through resolution. Assets inventories (sewer, water, storm and pavement) will be built and the information will be linked through a GIS. The project will begin in March 2006.

RJN Group, Inc. is a leader in providing engineering services and information technology software to municipal, county, state, and federal clients for the past 31 years. The firm is headquartered in Wheaton, Illinois with offices in Collinsville and Chicago, Illinois; St. Louis, Missouri; Dallas, Fort Worth, Austin, Houston, and San Antonio, Texas, Fayetteville, Arkansas; Tulsa, Oklahoma; Vienna, Virginia; Boston, Massachusetts; Baltimore, Maryland; Deerfield Beach and Miami, Florida; and Atlanta, Georgia.

RJN provides public works engineering and information technology services for the development, maintenance, and management of municipal infrastructure systems including sewer, water, drainage, roads, bridges, and in addition, GIS services. Projects include engineering studies, preliminary and detailed design, construction engineering, and maintenance management. The firm provides the CASS WORKS® family of software products for tracking of asset inventories, maintenance activity, physical inspection and histories, and related management systems. RJN also provides CASSView™, a GIS deployment tool providing direct access to GIS, CASS WORKS, and other related data.
