## **RJN Group, Inc. Expands St. Louis Office with Four New Employees**

Wheaton, IL (March 18, 2008) – RJN Group, Inc. is pleased to announce the addition of four new employees to the St. Louis, Missouri office. Chris Horvath, who graduated from the University of Missouri – Rolla with a Bachelor of Science Degree in Mechanical Engineering, was hired as a staff engineer. Jenny Brazier was hired as a data manager and has experience as a free-lance graphic artist. Tony Jones and Ryan Neil, both of whom currently attend Southern Illinois University – Edwardsville majoring in Civil Engineering, were hired as engineering interns. All four employees will focus on SSES project responsibilities. RJN Group specializes in all phases of Infiltration / Inflow rehabilitation including SSES, design, construction engineering, post-rehabilitation flow monitoring, computer modeling, and integration of SSES projects with GIS application.

RJN Group, Inc. provides engineering consulting services for municipal, county, state, and federal infrastructure systems. The firm's offerings include the study, design, and construction management of wastewater, water, stormwater, roadways, and bridges. GIS and asset management services are also offered by the firm. RJN, established in 1975, is headquartered in Wheaton, Illinois with offices nationwide.
