RJN Group, Inc. Expands Offices with Four New Employees

Wheaton, IL (July 7, 2008) – RJN Group, Inc. is pleased to announce the addition of four new employees to the St. Louis area offices. Ryan Neil, EIT, a recent Mechanical Engineering graduate from the Southern Illinois University at Edwardsville, and Stacy Orbals, Administrative Assistant, were hired out of the Collinsville, Illinois office. Ryan will provide engineering assistance for client teams on storm water, GIS, and asset management projects. Staci will coordinate administrative services in the Collinsville office, and assist with specification documents and presentation opportunities. Thomas Hays and Danny Bollinger were hired out of the St. Louis, Missouri office as Field Technicians and will focus on RJN's Combined Sewer Area Inflow/Infiltration Assessment for the Metropolitan St. Louis Sewer District.

RJN Group, Inc. provides engineering consulting services for municipal, county, state, and federal infrastructure systems. The firm's offerings include the study, design, and construction management of wastewater, water, stormwater, roadways, and bridges. Core services also include GIS and asset management. RJN, established in 1975, is headquartered in Wheaton, Illinois with offices nationwide.
