## **RJN Group, Inc. Hires New Tulsa Operations Manager**

Wheaton, IL (June 15, 2009) – RJN Group, Inc. is pleased to announce that Thomas G. Prag, P.E., CCCA, has recently joined the firm as Senior Project Manager in RJN's Tulsa Office. His duties will include engineering oversight for projects in the Tulsa / Fayetteville area, one of the highest growth areas of the country. Mr. Prag earned a Bachelor of Science Degree in Civil Engineering from Oklahoma State University. He brings over 14 years of civil engineering and construction management experience to the firm including an extensive background in the planning, design and construction of water treatment facilities, water storage and distribution systems, water distribution system analysis, and wastewater collection and treatment systems. In his new role, Mr. Prag will be responsible for operation and management of the RJN offices in Tulsa and Fayetteville.

RJN Group, Inc. provides engineering consulting services for municipal, county, state, and federal infrastructure systems. The firm's offerings include the study, design, and construction management of wastewater, water, stormwater, roadways, and bridges. GIS and integrated capital improvement planning services are also offered by the firm. RJN, established in 1975, is headquartered in Wheaton, Illinois with offices nationwide.
