Villa Park Water Main Master Plan to be Conducted by RJN Group, Inc.

Wheaton, IL (February 9, 2006) – The Village of Villa Park, Illinois hired RJN Group, Inc. to conduct a Water Main Master Plan. The program involves survey and assessment of the existing water distribution system and developing the hydraulic model to size the new water mains to meet current demands and criteria. RJN was selected for this program due to an outstanding performance record of municipal infrastructure improvements in DuPage County. The project will begin in February 2006 and continue through the June 2006.

RJN Group, Inc. is a leader in providing engineering services and information technology software to municipal, county, state, and federal clients for the past 31 years. The firm is headquartered in Wheaton, Illinois with offices in Collinsville and Chicago, Illinois; St. Louis, Missouri; Dallas, Fort Worth, Austin, Houston, and San Antonio, Texas, Fayetteville, Arkansas; Tulsa, Oklahoma; Vienna, Virginia; Boston, Massachusetts; Baltimore, Maryland; Deerfield Beach and Miami, Florida; and Atlanta, Georgia.

RJN provides public works engineering and information technology services for the development, maintenance, and management of municipal infrastructure systems including sewer, water, drainage, roads, bridges, and in addition, GIS services. Projects include engineering studies, preliminary and detailed design, construction engineering, and maintenance management. The firm provides the CASS WORKS® family of software products for tracking of asset inventories, maintenance activity, physical inspection and histories, and related management systems. RJN also provides CASSView™, a GIS deployment tool providing direct access to GIS, CASS WORKS, and other related data.
